

Teasley Elementary

Solar Eclipse Information

On August 21, 2017, Teasley's students will have a unique opportunity to experience a near total eclipse of the sun. The maximum eclipse in this event will take place at 2:36 PM for our area of North Georgia. The Cobb County School District will delay dismissal 45 minutes during this event to allow students to participate in eclipse-related learning experiences and provide students with a safe learning environment.

NASA has curated a strong collection of informational resources on the eclipse. We recommend accessing this site for eclipse questions you may have regarding safety, timing, resources and more. <https://eclipse2017.nasa.gov/>.

Who Will Participate?

All students in grades 3-5 will be allowed to view the eclipse by going outside with their class while wearing NASA approved solar shades. Solar shades will be provided for students. In order for 3rd through 5th grade students to participate, they must return the signed permission form, received from their teachers, by this Friday, August 18th in order to participate. An alternate location will be provided for students who do not return their permission form.

Students in grades PK through 2nd grade and students without a permission form in grades 3 – 5, will also have a unique viewing experience. These students will watch a live streaming from Kennesaw Mountain High School on CCSD's IPTV from 1:45-2:45.

Cobb County School District students in Kindergarten – 2nd grade students as well as students without a permission form will not be allowed outside from 2:00-3:00 PM on August 21st.

What if I want to check my child out early?

Teasley will allow students to be checked out of school until 1:30 p.m. No checkouts will be allowed after this time to allow everyone to arrive home safely before the eclipse begins.

What time is dismissal?

We will begin dismissal at 3:00 PM. No children are allowed outside until this time. Our buses will depart around 3:10 PM, so please be at your stop accordingly (50 minutes later than normal.) Car rider dismissal will begin around 3:20 and ASP will begin dismissal at 3:45 p.m.
