

KidzKeys™

KidzKeys™ provides group instruction on the keyboard for students in K through 2nd Grade.

Students in **KidzKeys™** will...

- ✓ Read Music using **COLOR** and ZooRhythms
- ✓ Learn well-known melodies and songs
- ✓ Develop a love for music and...
- ✓ Grow in their confidence, ability to focus, academic performance and more!

The **KidzKeys™** Approach:

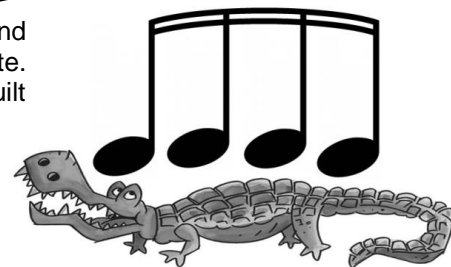

Learning to play an instrument is a great way for children to build self-confidence, express themselves creatively and grow in their ability to acquire and master new skills. With the use of **COLOR** and ZooRhythms we make learning to Read Music and Play the Piano FUN and approachable for students of all ages!

The Chroma-Notes™ notation system uses color-coded notes to help students more quickly create associations *between their keyboard and the notes* written on the musical staff. Students will love the vibrant colors and quickly find their way around the keyboard!

The ZooRhythms method helps students learn to read and perform rhythms with the use of animal names and the number of syllables they create. Students will practice the rhythm of each song by vocalizing ZooRhythms and using the built in drum pad on their keyboard.

**Keyboards Provided
For Every Child!**
