

Weekly News!

March 1st

Mrs. Geiger, Mrs. Green, Mrs. Mayes and Mrs. Davis

Reminders

Please send in a new box of crayons for your child's pencil box - they need them! Thanks!

Thank you for supporting your child with their homework! We appreciate their hard work!

Upcoming Events

March 6th - Talent Show auditions

March 8th - Spring Picture Day

March 28th - Math night at Publix

Math

This past week, our focus was reviewing shapes, both 2 dimensional and 3 dimensional. We are also comparing shapes - for example how is a triangle different from a square? We also practiced counting by 2's, 3's, and 5's.

We worked on constructing a cube from marshmallows and pretzels.

Math assessments - next week

Language Arts

Sight Words	Review all sight words			See attached list
Long and short vowel sounds, blend	a,e,i,o,u cl			Please review all vowel sounds with your child and the blend cl

Reading - This week we learned about the blend ck and continued learning about long vowel combinations. Please practice sight words. **We will be assessing the students next week.**

Writing: Our genre for the next nine weeks is persuasive writing.

Science/Social Studies

- This week we studied rocks. Mrs. Rudd, our science teacher, spent time with us exploring rocks. We learned that many things in our everyday lives are made from rocks such as roads, cars, pencil lead and dishes. In our science/math center we weighed rocks and sorted them by "heavy" or "light".

Other News

Happy Birthday Susan!!
