Math

This week reviewed all math skills

Thank you for practicing math facts to 5 with your child. Please review counting starting at a number other than 1 for example count from 26 to 50.

Thanks!!

Language Arts

| | |
|------------------------------|----------------------------|
| Sight Words | Review all 100 sight words |
| Long and short vowel sounds, | a,e,i,o,u |

Please review all 100 sight words with your child - we are still assessing

Science/Social Studies

- This week we continued practicing with our goods and services sort.
- We also learned about motion - that objects move in different ways. We experimented with rolling a gumball across different surfaces to see if the gumball would move fast or slow, then we recorded our results.

Other News

This week we had our High Touch Field trip. The students planted wildflower seeds and brought them home. We also learned about the parts of a plant and reviewed what plants need to grow.

Our butterflies emerged from their chrysalis' on Monday. We let the butterflies go on Wednesday ☺.

Have a fantastic weekend!
